

MY SCHOOL ENTERPRISE

WHAT WILL WE DO?

Hey! I'm Ana. I'm a 15 year-old girl who wants to make an impact on this school. I am a sociable and open-minded person and I'm determined to implement this project which will help us get to know each other and value our skills. I think that my best friend and I will make a great team, and that together we can give our colleagues the opportunity to learn different things and to have fun at the same time. A few things about me are that I love spending time with my friends and family, I like nature, which for me represents a source of inspiration and relaxation. I really love travelling, because I have the chance to see different cultures and discover some of the people's habits. Also, I love animals, and in my spare time, I always listen to music from my favourite artists and I like to sing with my voice very much, but also with my guitar.

Hey there! It's Alexia. I'm a fifteen year-old girl who is just trying to find a place in this chaotic world through her dreams and her creative ideas. That's why I decided, along with my best friend and colleague, to implement this project into our high school, because it would be a great opportunity for students to become more confident and sociable and to improve their knowledge skills. I'm an ambitious, determined person and I always succeed when I set my mind to something, which I believe makes me the perfect candidate for this project. In my free time, I enjoy hanging out with my friends, hiking in nature and playing with my 3 year-old cat named Luna, whom I love with all my heart. I'm also quite an artistic person and I spend a lot of my time studying music, singing, playing the piano and listening to my favorite artists.

WHAT INTERESTS US?

We would enjoy helping you find your passions, your interests and your favourite things to do. With that being said, here's a list of things that will be part of our project:

GEOGRAPHY

HISTORY

GENERAL KNOWLEDGE

MOVIES AND TV SHOWS

MUSIC

ASTROLOGY

ABSURD LAWS

TRUE OR FALSE

FOREIGN LANGUAGES

HARRY POTTER TRIVIA

MYTHOLOGY

SPORTS

FAMOUS PEOPLE

ROYAL FAMILY

IMPORTANT EVENTS

HOLIDAY TRADITIONS

GUESS THE SONG

ANIMALS

WHAT DO WE KNOW?

A quiz is a competition in which competitors demonstrate their knowledge by responding to questions on one or more subjects. A quiz is a brief knowledge test that frequently includes multiple-choice, fill-in-the-blank, true/false, and short answer questions. The term "quiz" is broad and can be used to describe anything from a single game with only a few questions to a large-scale gathering of dozens or hundreds of individuals. Additionally, there are many different quiz forms, from competitive weekly pub quizzes to highly viewed television game programs. Here are some various reasons why quizzes are important:

- They encourage team work
- They raise confidence
- They enhance memory
- They help our brains perform under pressure
- They expand a player's knowledge base
- They help relieve stress from the daily work routine

WHAT CAN WE OFFER?

This project addresses to ninth and tenth graders who are interested in developing coordination and quick thinking. Our goals are to make students get to know themselves better, to help them be more open and sociable with each other, to become more confident and secure and to improve their knowledge about various topics and their communication skills. Our first thoughts were to create this activity not only for educational, but for entertainment purpose as well. We also want to bring some diversity in this high school and to give students the opportunity to choose whatever extracurricular activity they want to pursue. We give you our word that everything we promise will be accomplished, because we are trustworthy and hardworking people that care about our colleagues' needs and interests.

We thought about adding a new activity in our high school because as the extracurricular options increase, the students will enjoy their academic life more and will have a more pleasant high school experience. We really hope we will reach our target audience and that it will be very excited to participate in our project, to be open about our ideas and to support us.

WHAT WILL OUR BUSINESS MODEL BE?

We've noticed that game shows are a great form of entertainment and they are very popular all around the world. There are various game shows relating quizzers and many people would really like to participate in them. Because of that, we've thought about implementing this kind of games in our high school, not only for entertainment purpose, but for educational purpose as well. We have gathered a lot of inspiration and ideas from watching those types of shows along the years, so that's why we think we will be suitable for this project and we will be great hosts who know how to engage with our participants.

HOW CAN WE FINANCE OUR PROJECT?

This project is 100% taken care of financially speaking, because we will be handling all possible costs that this project may imply. Plus, we will be the hosts of the game, which means no additional costs for our high school. Last but not least, the finance comitee of Ovidius has nothing to worry about regarding money, because we guarantee you that this is a project that doesn't need financial support and we have everything under control.

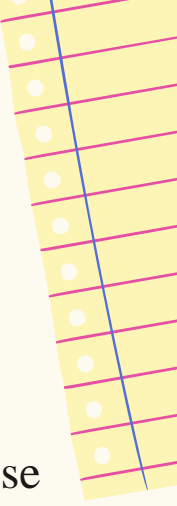

ACTION PLANNING

Our main goal is not to let this project fade away into an idea that will never be executed and actually make it happen. Also, our other objectives are to help students better understand who they are, to help them be more open and sociable with one another, to feel more secure and confident in themselves, to learn more about a variety of topics and to become better communicators. We are confident that we can do whatever we set our minds to, because we are determined and reliable people who have everything figured out and know what we have to do to make our wishes come true. We won't dissappoint you.

ACTION PLANNING 2.0

Here's what we have in mind for the so-called „Quiz Club”:

- The club addresses to the ninth and tenth graders in our high school
- It takes place on Thursdays, in an available classroom, between 12:30-13:20
- There will be 2 teams, each containing minimum 5 participants
- Each participant can choose whatever category they would like to compete in, because every week will have a different category than the previous ones
- We will have a member from each team come to the front and try to answer a question as fast as possible, by pressing the red button whenever they know the correct answer
- Every correct answer means one point for the team
- If there is a tie, we will ask a more difficult question and the members of a team have the right to share their thoughts about the correct answer with each other
- The winning team will receive a small prize from us

WEEKLY SCHEDULE

- Week 1: GEOGRAPHY
- Week 2: SPORTS
- Week 3: GENERAL KNOWLEDGE
- Week 4: MOVIES AND TV SHOWS
- Week 5: MUSIC
- Week 6: ASTROLOGY
- Week 7: ABSURD LAWS
- Week 8: TRUE OR FALSE
- Week 9: GUESS THE SONG
- Week 10: HARRY POTTER TRIVIA
- Week 11: MITHOLOGY
- Week 12: HISTORY
- Week 13: FAMOUS PEOPLE
- Week 14: ROYAL FAMILY
- Week 15: IMPORTANT EVENTS
- Week 16: HOLIDAY TRADITIONS
- Week 17: FOREIGN LANGUAGES
- Week 18: ANIMALS

RESULTS

Quiz Club

Thank you so much for reading our material! We are really grateful that this opportunity was given to us and we really hope that you enjoyed our ideas as much as we enjoyed doing this project. We hope that this idea gets to you and we will make an impact on this school with our aspirations and dreams. Once again, thank you from the bottom of our hearts!

Sincerely,
Jianu Ana Maria &
Lăzăreanu Maria-Alexia
