Deciding the dates of
classroom presentations

30th January- 9th B

Time management, Brainstorming

1st February- 8th B

Personal development, Choose your career

17th February- 11th B

Money management, Important habits

ACTIVITIES – beneficiaries

Through our projects we wanted to address directly to entire classrooms, so that the message is received by a collective. Presentations transmitted to a collective are usually acquired easier and better due to the bonding energy we receive from each class.

3 entire classes of students attended to our presentations. They received Google Forms documents so that we can receive a feedback, grades based on our performance and also collect information such as: their motivation, their goals, their mindset.

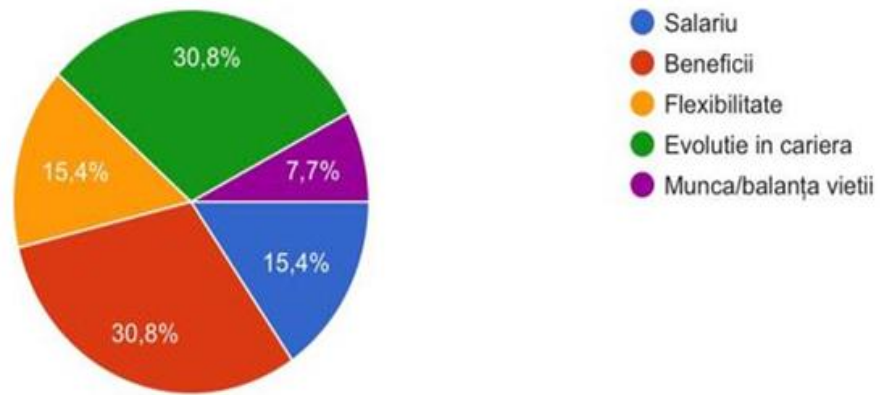

Results

Motivatiile tale:

13 răspunsuri

Cum ți s-a părut prezentarea noastră?

super

f frumoasă și expresivă

destul de interesant subiectul abordat
