

BLUE TRAILS - NAVIGATING OCEAN LITERACY FOR A SUSTAINABLE TOMORROW

„Ovidius” Highschool, Constanta

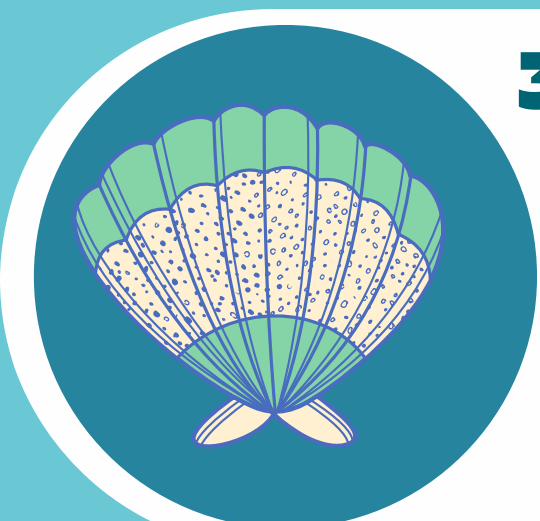

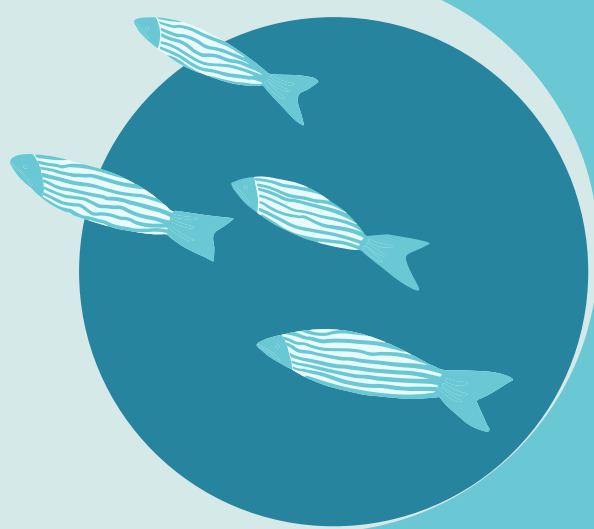

1. Attend a 2-day meeting in Constanta, in May 2024

We'll prepare an interesting program for you, in order to become aware of the Black Sea features and peculiarities.

2. Start searching for a topic

You can choose any topic related to water / ocean (in literature, sciences, history, geography etc).

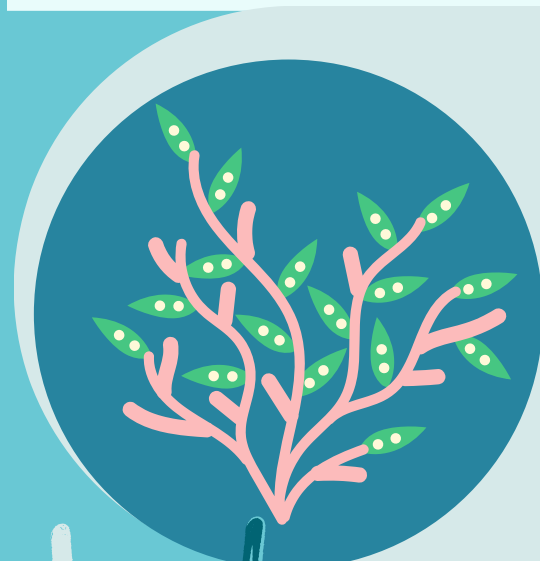

3. Develop a project focused on marine / water literacy

Your target group are the students in your school, their parents, the local community.

4. Apply to become a certified European Blue School

Until 31st May 2024, start implementing a project relevant for your local community

5. Invite other schools, from your local educational community, to join the Network of European Blue Schools

Come and join the Network of European Blue Schools !
